

## Principal sectors and liquids

### Mechanical and Siderurgical Industry

<i>Sector</i>	<i>Liquid</i>
Lubrication big reducer	Oil
Circulation oil in dry washing machines	Oil
Lubrication of big refreezing compressors	Oil and ammonium or freon
Oil circulation in transformers	Oil for transformer
Preheating of big diesel motors	Oil
Loading -Unloading of diathermic oil in hot-water heatings	Diathermic oil
Production of sheet metal	Oil for mills
Processing of shearing machine's cast	Oil
Mills	Lubricating oil
Fuel loading on generator sets	Gasoil and naphtha
Circulation diathermic oil	Diathermic oil
Casts preheating	Oil
Pouring and pumping fuel from/in tanks	Gasoil and naphtha
Bring fuel to gas jet in ring plants	Gasoil, Naphtha, BTZ , ECOFLU etc..
Pumping of oil	Oils
Pumping of bilge water	Water and oil

### Alimentary Industry

<i>Sector</i>	<i>Liquid</i>
Pumping molasses	Molasses
Bottling machines	Oils, Juices, Glucose
Machines for oil-mills	Alimentar oil
Alimentar machines	Chocolate, Honey, Jelly, Melted greases, Margarine

### Building Industry

<i>Sector</i>	<i>Liquid</i>
Cement kiln	Naphtha, oils
Waterproofing agents	CLS additives
Dosing machines for additives for piling	Additives, Polyelectrolytes
	Bitumen, pitch, asphalts

### Chemical Industry

<i>Sector</i>	<i>Liquid</i>
Dosing machins for additives on purging plants	Additives
Pumping acid and basic liquids	Caustic soda, Neat soap, Detergent, Parfumes, SlackWax crude oil, Liquid paraffin.
Plastic materials	Poliol, Isocyanate, Polyester resin, Phenol-Formaldehyde resin, Sodium silicate, Polyurethane resin.
Machines for textile and car Industry	Paintings, Varnish, Rust preventive, Ink
Labels machines	Glue, Vinavil, Rubber, Adhesive, Liquid wax
Firefighting plants	Foam

## Principal utilizator of gear pumps

<i>Utilizator</i>	<i>Liquid</i>
Freezing compressors manufacturer	oil and <b>freon</b> or ammonia
Boiler manufacturer	fuel, circulation diathermic oil
Generator sets manufacturer	circulation and loading of fuel
Big diesel motors manufacturer	preheating and circulation oil
Big motor-reducer manufacturer	lubrication
Fire-fighting plants manufacturer	foam
Manufacturer of machines for glasses	liquid glazing compund
Label machines manufacturer	glues, Vinavil, adhesive, rubber
Manufacturer of machines for rubber components	re-circulation oil
Manufacturer of bottleing machines	oils, juices, liquid greases, margarine, honey, glucose
Mixer and pug mill manufacturer	parfumes, liquid wax, vaseline
Tank manufacturer	
Pasta factories	
Electromecanic industry	electric motors maintance, pumps replacing
Thermotecnical industry	plants for alimentation burners naphtha and gasoil

HOW WE FIND OUR CUSTOMERS We have 3 different strategies at the moment, considering different markets: Domestic, Eur
